

## Appel à Projet 2020 – SEA-EU-search

### Liste des projets retenus sur les 3 premiers appels

| Nom du Porteur principal | Laboratoire | Titre du projet   | Université partenaire <sup>1</sup> | Thème <sup>2</sup> | Sélection    |
|--------------------------|-------------|---|------------------------------------|--------------------|--------------|
| Nicolas LE POUL          | CEMCA       | Dinitrogen activation by mononuclear molybdenum pentapod electrocatalysts for ammonia synthesis (NITMO)                                       | CAU                                | DD                 | Oct 2020     |
| Sophie GUERMES           | CECJI       | Thinking European Identity and Interculturality in pandemic times   | UG ; UCA                           | IE                 | Oct 2020     |
| Isabelle LE CORFF        | HCTI        | Photography and film production of the European port towns  | UNIST                              | IE                 | Oct 2020     |
| Kimberley PAGE-JONES     | HCTI        | Re-viewing and Re-imagining European Coastal - Identities in word and image (RECI)  | UG ; UM                            | IE                 | Oct 2020     |
| Christele DONDEYNE       | AMURE       | Transdisciplinary observation of the environmental cause in Sea & land territories – step 1 (Transealand-1)                                   | UCA                                | DD                 | Oct 2020     |
| Franck SINGHOF           | LABSTIC     | IA-AUV : Intelligent Autonomous Underwater Vehicle  | UNIST                              | DD                 | Oct 2020     |
| Iván LOPEZ CAPABELLO     | HCTI        | History, remembrance and disremembrance in maritime Europe (I). Exile and forced labour: the “Red Spaniards” and the Atlantic Wall            | UCA                                | IE                 | Oct 2020     |
| Yvan PAILLER             | LETG        | Live along the coast, live with the sea in the past   | UCA; CAU                           | IE                 | Oct 2020     |
| Karim RIGALMA            | LUBEM       | Effect of climate Change on growth and mycotoxin production in Aspergillus carbonarius (ICARUS)   | UM                                 | DD                 | Oct 2020     |
| Liana Ermakova           | HCTI        | JOKER: Interculturality and Localization of Humor and Puns  | UM ; UG                            | IE                 | Avril 2021   |
| Johann Lavaud            | LEMAR       | Flat-EU_European mudflats network: latitudinal comparison of primary production capacity.   | UG; UCA                            | DD                 | Avril 2021   |
| Pascal LEROY             | LGO         | Large-scale sand bodies dynamics and sediment transfer on low-supply continental shelves : the examples of Western Brittany and Gulf of Cadiz | UCA                                | DD                 | Octobre 2021 |
| Sofian BERROUIGUE T      | Latim       | EPSEE (Enhanced Post covid Suicide Epidemiology Electronic databases)   | UCA                                | DD                 | Octobre 2021 |

|                   |        |   |          |    |              |
|-------------------|--------|---|----------|----|--------------|
| Serge Suanez      | LETG   | Observations and modeling of complex hydrodynamics and morphodynamics at Vougot beach (Guissény, Finistère, France) | CAU      | DD | Octobre 2021 |
| Jerome Sawtschuck | LABERS | Cycle – EU : Bicycle as a vector of ecological transition in european universities.                                 | UM ; UCA | DD | Octobre 2021 |
